4 meas.

Intro:

efgabc

- (5) 1. Hope ... like following a star (or "~~We're following a star~~")

So bright, it's never dark — We seek hope

- (13) 2. Hope ... it drives us to go on

Into the great beyond — ride toward hope

- (21) Bridge: Hopes can be false, but there's a hope for us that's true

A king is born, but we don't know who unto

- (29) How we were thrilled to follow this, the leading star

- (33) But this event of a lifetime is so far

- (37) 3. Hope ... a distant destiny

But closer we will be — reaching hope

4. Hope ... embodied in a child

The journey was worthwhile ... to see hope

- (53) Bridge: Hopes can be false but there's a hope for us that's true

A king is born to bring us all good news

It lifts our hearts to see this foretold royal sight

This sign from God, has finally come to light

- (69) 5. Hope ... We see it in a child

The king gives us a smile — the face of hope

Face of hope
